Rate Filings RFG – 7 Simplified

RFG-1, RFG-2, RFG-7 and RFG-8 are considered Rate Filings.

FAILURE TO COMPLY WITH THESE GUIDELINES WILL RESULT IN RETURN OF FILING WITH REQUEST TO AMEND AND RE-SUBMIT.

OMISSION OF ANY OF THE FILING OR DISCLOSURE GUIDELINES WILL RESULT IN A DELAY OF THE REVIEW PROCESS.

When referring to the New Brunswick Insurance Board, NBIB and the Board are interchangeable.

A. GENERAL INFORMATION

Risk and Risk Classification System Legislation and Regulations

The Board's regulatory role is to confirm compliance with the *Insurance Act* provisions that rates be just and reasonable.

Section 267 of the *Insurance Act* requires insurers to file with the Board the rates it proposes to charge for automobile insurance at least once every 12 months. The NBIB has a set filing date for the Private Passenger Class vehicles of September 15th.

Furthermore, section 267.51(1) states that an insurer shall appear before the Board where the insurer

- a) Files rates more than twice in a period of 12 months, or
- b) Files rates where the average rate increase is more than 3% greater than the rates charged by it in the 12 months before the date on which it proposes to begin to charge the rates.

In addition, Regulation 2003-15 outlines the prohibited underwriting practices for all categories of automobile insurance in New Brunswick:

4. An insurer may not decline to issue, refuse to renew or terminate a contract of automobile insurance or refuse to provide or continue any coverage or endorsement, under any circumstance, on any of the following grounds:
 - (a) the age, gender or marital status of the applicant or another person who would be an insured person under the contract;
 - (b) the age of the vehicle that would be insured by the contract, unless the vehicle:
 - (i) is an antique vehicle,
 - (ii) is a reconstructed vehicle, or
 - (iii) has been substantially modified for enhanced performance;
 - (c) whether the applicant or another person who would be an insured person under the contract is or has been insured by the Facility Association;
 - (d) whether the applicant or another person who would be an insured person under the contract was declined insurance or refused a renewal of insurance by an insurer;

- 
- (e) whether the applicant or another person who would be an insured person under the contract has claimed in the past under a policy of automobile insurance, as a result of an accident for which the applicant or that person was not at fault;
 - (f) whether the applicant or another person who would be an insured person under the contract failed to make one payment to an insurer, other than the first payment of a periodic payment plan, if the missed payment was made within 30 days of the date on which it was originally due;
 - (g) whether the applicant or another person who would be an insured person under the contract has a lapse in coverage under a contract of automobile insurance for a period of less than 24 months, unless the lapse resulted, directly or indirectly, from
 - (i) the termination of a policy of automobile insurance as a result of a failure to pay premiums due under the contract, or
 - (ii) the suspension of the person's driver's licence for an offence related to the use or operation of an automobile.
5. No insurer may terminate a contract of automobile insurance or refuse to provide or continue any coverage or endorsement in respect of a contract of automobile insurance where
- (a) an insured ceases to be a member of a group, or
 - (b) the insurer terminates a group marketing plan.

Filing Guidelines

The purpose of these Guidelines is to communicate to insurers the requirements for Simplified (RFG-7) and to provide a systematic approach through which insurers may provide that information and thus facilitate the process of preparing as well as reviewing these filings.

Simplified filings may be allowed in the following circumstances:

- annual commercial and miscellaneous filings that meet the criteria as outlined in [Info Bulletin 2009-003](#).

The Board may waive the obligation for an actuarial analysis of premium requirements in circumstances that the Board deems appropriate. The most common circumstance would be where there is no credible experience.

The following tables summarize the type and purpose of filings.

| Type of Filing | Purpose of Filing |
